4. Public Comment: John Ohman came to ask about the Weir information. Forrest talked to two attorneys. They told him that if it is negligent blockage instead of intentional, then, he could do something. It is also on private land, so the town does not have any basis to fix. John Ohman spoke about the Misty Meadow Bridge is under water and it is heaving the road. The Road is getting ruined. He is hoping that the town would help him. He said it is negligence that they did not do the testing, put it in front of the plan commission or the town before building. The weir is at 833 ft and 1 in. The NRCS is not monitoring it or maintaining the weir. The weir backs water up onto other lands. John Ohman stated he is going forward to get an attorney to fight the NRCS weir.
